Commemorating 50 years of Project Tiger

PM inaugurates Intl. Meet

India has 3,167 tigers as per Census Report-2022

Prime Minister Narendra Modi flanked by Bhupender Yadav, Union Minister for Environment, Forest and Climate Change and Ashwini Kumar Choubey, Union Minister of State for Environment, Forest and Climate Change, during the Golden Jubilee event of Project Tiger at KSOU Convocation Hall in city this afternoon.

Mysuru, Apr. 9 (MTY&BS)- Prime Minister Narendra Modi today released the 'Tiger Estimation Summary Report' and declared the number of big cats in India as on 2022 as '3,167'.

The PM, who inaugurated the International Conference on Tiger Conservation and also the First Indian Conservation Conference organised as part of 50 years of Project Tiger, at KSOU Convocation Hall in city this afternoon, released the booklets — 'Amrit Kaal Ka Vision For Tiger Conservation', 'Management Effectiveness Evaluation Report (2022) of Tiger Reserves' and also a coin in commemoration of 50 years of Project Tiger.

Modi, who began his address with an appeal to audience to give a standing ovation to tigers on the increase of their numbers in India, termed it as a matter of happiness not just for the country, but also for the world.

Modi meets 'Oscar Stars'

Bomman, Bellie at Theppakadu

Prime Minister Modi with Bomman and Bellie couple today.

Mysuru, Apr. 9 (SS&BS)- Prime Minister Narendra Modi visited Theppakadu Elephant Camp at Mudumalai Tiger Reserve (MTR) in Tamil Nadu this morning. Over a century old Theppakadu Elephant Camp was established in the year 1917 and is also the Asia's oldest elephant camp, presently having about 28 elephants.

PM Narendra Modi, who had some good time at the camp, fed sugarcane to the elephants and also caressed them, and the pachyderm raised their trunks, with mahouts and kavadis in attendance.

Bomman and Bellie, the elephant caretaker couple at the camp, who were featured in Oscar-winning documentary 'The Elephant Whisperers' also accompanied Modi at the camp.

The Prime Minister interacted with the Forest staff at the camp, besides having a brief discussion with the Directors of 12 Tiger Reserves from various parts of the country, it is said.

EDITOR'S BOTTOMLINE

Many of us, who go for a morning walk, confront a spectacle which throws two contrast pictures. One of the students, rushing to their schools and coaching centres. The other picture which makes one sad is of those deprived children who can be seen moving places with bags on their shoulders to collect plastic and scrap etc., from the heaps of debris or the left over loose materials which the shop-keepers had left on previous evening. Unfortunately, this is the story of all Indian cities.

Why should it happen when our government is not only providing mid-day meals but have started evening schools also for those who can't go to the school in the morning hours. Can we put the entire blame on our government? Can the more stringent laws bring back these children to schools? My answer is an emphatic "No."

I feel it is happening because we are happy only with our own progress, development and growth and are not concerned about what is happening around us. Our talk with these children will reveal that they are from the same towns and cities where we live. Quite often their mothers are working as domestic helps and their fathers are engaged in other petty jobs.

Unfortunate part is that we have schools. We have teachers also. But, there is only hatred and a feeling of disdain for these children of lesser God. The result is that the child feels ignored, humiliated and scared and he stops going to the school.

We all can help the cause. It simply calls for distributing your love. What we really need to do is to monitor the education of at least one deprived child. As our investments shouldn't be in one portfolio likewise our love should not be only for our one or two children. These deprived children can do wonders if given the right guidance at the right time. It is better to help a few to stand on their feet than to die rich or leave for the children who may not value that.

Woman recaptures world record with 5.41-foot afro

Louisiana: A woman recaptured a Guinness World Record when her afro hair style was measured at 9.84 inches tall, 10.4 inches wide and 5.41 feet in circumference. Aevin Dugas, 47, of Reserve, Louisiana, first held the world record for largest afro on the living person (female) in 2010, when her hair had a circumference of 4 feet and 4 inches.

The record was broken in 2020 by New York woman Simone Williams, whose hair measured 4 feet, 10 inches in circumference. Guinness World Records confirmed Dugas has now recaptured the title. She has been growing her hair out for 24 years.

Dugas said she wears her long hair in a variety of styles and typically only brings the afro out for special occasions "because it can be a bit much."

Bottled message floats from Jamaica to Texas

Texas: A nonprofit doing a beach survey in Texas found a message in a bottle that had been launched by a vacationer in Jamaica several months earlier. Researchers conducting a beach survey along the Texas Padre Island National Seashore found two messages in bottles last week.

The first to be detailed was written by Madi Whalen, a recent high school graduate from Kansas City, Mo. The letter, dated June 13, 2022, said Whalen was vacationing in Jamaica with two friends when she launched the bottle.

"I wish I has some good secrets or something to share, but I really don't. I wonder where this letter will end up," Whalen wrote.

Now, buy ornaments with HUID code at Malabar

Giving a gift whether at the wedding or other special events is an integral part of Indian culture. Both the giver and the receiver attach high value and sanctity to this act. And the present generation is increasingly fond of giving gold as a precious gift at the auspicious occasions.

The decision by the Union Ministry of Consumer Affairs not to allow the sale of gold ornaments without **HUID (Hallmark Unique Identification)** number from April 1, 2023 is a game changing moment and will reform the way gold is sold in the market. The biggest advantage of this reform is that it will ensure that the customer gets pure gold. The customer interest is protected fully by way of the HUID, stamped on each piece of jewellery at the Assaying and Hallmarking centres to testify the purity.

As part of this reform, each ornament will have three features marked on it — BIS logo, gold karat level to denote purity and a six-digit code. Customer can get details like the hallmarking date, name of the hallmarking centre and the whereabouts of the jewellery with the help of an official mobile app called BIS Care. This ensures that customer is not cheated anyway. BIS hallmarking has been in practice for the last 23 years now and in June 2021, the Centre launched the current HUID system. This means, 21 months have been given to the jewellers to adopt and implement this new reform.

MALABAR GOLD & DIAMONDS
CELEBRATE THE BEAUTY OF LIFE

Malabar Gold & Diamonds has been selling only ornaments with BIS hallmark ever since the system was launched in 2000. Now with the new reform in place, Malabar Group has made sure that only the ornaments with the HUID code are sold in all its showrooms across the country from April 1, 2023.

The HUID reform will bring in more transparency to the gold trade as it provides the details of the seller and the hallmark centre. This will check the illegal gold trade to a great extent, which in turn will boost the GST revenue for the government. The Governments should take stern measures to implement this new governing system in a foolproof manner as directed by the Consumer Affairs Ministry.

Currently, HUID and billing are not linked. If recording HUID code in bills is made mandatory, it will plug loopholes to eliminate tax evasion. Because, every single ornament will have a different unique code. The Centre should initiate steps to link billing with HUID system, says a press release from Malabar Group.

VOICE OF THE READER

Is Indore Express really serving passengers?

Sir,

This is not a first incident. The performance of Indian Railways is poor at several places and a lot of coordination is required. These are all small actions which can be taken at station-level but Railways never bothered about passenger convenience.

Recently I travelled from Yesvantpur to Kacheguda in Indore Express. This train after coming from Indore will be cleaned at the platform, but no time was given. The train started at 3.30 pm and reached Kacheguda at 3.15 am. It is scheduled to reach Indore next day at 2.30 am. What purpose is it serving?

This train can be a pilot or duplicate of Mysuru-Kacheguda and go at an interval of 30 minutes. It is very difficult to get tickets in Mysuru-Kacheguda train. At least it will give relief to the passengers and reach Indore in the morning.

Nobody thinks on this line. Railways think of only their operational convenience to fit such trains in the gap.

Postal Department works on holidays

Set to despatch 20 lakh EPIC cards by mid-April

Bengaluru, Apr. 9- Due to the thousands of Electoral Photo Identity Cards (EPIC) being sent daily on behalf of the State Election Commission via India Post, employees of the Karnataka Postal Department are working on holidays and Sundays to ensure they reach the voter.

The Department has already delivered 5 lakh EPIC cards and expects the number of deliveries to go up to 20 lakh by mid-April. It is also ensuring strict vigilance over items booked via a post on the directive of the EC.

Chief Postmaster General (CPMG), Karnataka Circle, S. Rajendra Kumar told media, "We are presently accepting bookings of EPIC cards only at 68 centres due to the safety aspect involved. However, delivery of cards is done through all our 9,613 Post Offices in the State. They are booked through Speed Post only and delivery will be done at the address specified."

In certain locations, pick-up and drop service of EPIC cards was also being carried out.

Since August, the despatch of EPIC cards had begun. "It has picked up pace in the last two months and we are doing our best to ensure they all reach in time," he added.

The Postal Department came into the picture for delivering EPIC cards following an MoU for 5 years signed by the Chief Electoral Officer, Karnataka, on July 25. Under the agreement, the tracking and tracing of all the articles can be done.

Bengaluru GPO is the Nodal Officer for all purposes and 73 Electoral Officers have been identified for pick up and booking of EPICs.

President Droupadi Murmu flies in Fighter Jet

New Delhi, Apr. 9- President Droupadi Murmu yesterday took her maiden fighter jet flight. She was seen wearing an anti-gravity suit before stepping into a Sukhoi 30 MKI fighter aircraft at the Tezpur Air Force Station in Assam, a strategic air base.

The President, who is the Supreme Commander of the Indian Armed Forces, flew for approximately 30 minutes covering Brahmaputra and Tezpur valley with a view of the Himalayas before returning to the Air Force Station. "Achcha laga (felt good)," President Murmu told reporters after completing her 25-minute sortie.

Murmu, who was on a three-day trip to Assam, reached Tezpur from Guwahati. She was received at the air base by Air Marshal S.P. Dharkar, Governor Gulab Chand Kataria and Chief Minister Himanta Biswa Sarma.

After landing at Tezpur, Murmu received a guard of honour by IAF personnel, followed by an official briefing on her flight aboard the Sukhoi aircraft.

She then reached the hangar wearing the flying suit, and waved to the waiting journalists before climbing the ladder to board the aircraft. Murmu also posed with her pilot and other officials in front of the aircraft.

The aircraft was flown by Group Captain Naveen Kumar, Commanding Officer of the 106 Squadron. The aircraft flew at a height of about two kilometres above sea level and at a speed of about 800 kilometres per hour. President Murmu is the third President and second woman President to undertake such a sortie.

In 2009, former President Pratibha Patil had flown in the frontline fighter aircraft.

The President's sortie in the Sukhoi 30 MKI fighter aircraft is a part of her efforts to engage with the armed forces, as the Supreme Commander of the Indian Armed Forces. In March 2023, the President visited INS Vikrant and interacted with officers and sailors on board of the indigenously built aircraft.

Later in the visitor's book, the President wrote, *"It was an exhilarating experience for me to fly in the mighty Sukhoi-30 MKI fighter aircraft of the Indian Air Force. It is a matter of pride that India's defence capabilities have expanded immensely to cover all the frontiers of land, air and sea. I congratulate the Indian Air Force and the entire team of Air Force Station Tezpur for organising this sortie."* Sukhoi-30 MKI is a twin-seater multirole fighter jet developed by Russia's Sukhoi and built under licence by India's aerospace giant Hindustan Aeronautics Limited.

South Zone Regional Conference on 'Enhancing Access to Justice' held

'Success of the Lok Adalat can be directly attributed to the legal awareness created by Legal Service Institutions'

Mysuru, Apr. 9 (MK&DM)- The National Legal Services Authority of India (NALSA) had organised a one-day South Zone Regional Conference on the theme ' Enhancing Access to Justice' at a private hotel in the city yesterday. Supreme Court Judge Justice Sanjay Kishan Kaul, who is also the Executive Chairman of NALSA, inaugurated the Conference.

Delivering the inaugural address, Justice Sanjay Kishan Kaul highlighted the achievements of Legal Services Authorities and stressed upon the need for proactive and realistic approach.

Pointing out that in the first of the National Lok Adalat held this year (2023), a total of 30.57 lakh pending cases and 1.76 crore pre-litigation cases were disposed off, he observed that the success of the Lok Adalat can be directly attributed to the legal awareness created by Legal Service Institutions. Noting that in 2022-23, a total of 3.88 lakh legal awareness programmes/ camps were organised and 5.7 crore people were benefited, he said that the Pre-Institution Mediation Settlement in commercial cases has gained significant momentum and similar progress is foreseen in mediation of amicable settlement of disputes. He also emphasised on the need to focus on training of mediators.

Supreme Court Judge Justice Sanjiv Khanna, in his special address, highlighted matters of concern by referring to statistics.

Narrating the role of Legal Service Institutions vis-à-vis articles 14, 21, 22(1), 38 and 39(a) of the Constitution, he underlined the importance of procedural rights in the adjudication of criminal cases.

Karnataka High Court Chief Justice Prasanna B. Varale, in his address, stressed upon the need for developing tailor-made solutions to the unique needs of communities and delivering justice through the power of technology.

Stressing on the need to empower local communities and build their capacity to demand justice, he pointed out that it is the duty of legal services to ensure that justice does not remain a privilege of the few but a fundamental right of all.

He lauded the unique initiatives of the Karnataka State Legal Services Authority (KSLSA) under the Chairmanship of Justice B. Veerappa.

High Court Judge and KLSA Executive Chairman Justice B. Veerappa welcomed the gathering while High Court Judge Justice K. Somashekar, who is also the Chairman of High Court Legal Services Committee, proposed the vote of thanks.

Justice Sanjay Kishan Kaul

The inaugural ceremony was followed by 3 working sessions wherein the Judges representing their respective State LSAs made a submission on the practices followed by them. The event also discussed the identification of issues/challenges faced by LSAs.

Man arrested for conning many in the name of bank loan

Rs. 21 lakh cash, 426 grams gold recovered

Mysuru, Apr. 9 (BS)- City Crime Branch (CCB) Police have arrested a man on the charges of cheating many on the promise of getting interest-free loan from banks and have recovered Rs. 21 lakh cash and 426 grams of gold from him.

The accused is identified as Vinod Kumar of Ittigegud and he had cheated gullible people at Lalithadripura, Paduvarahalli, T. Narasipur and several other places.

He was targeting uneducated people and was collecting lakhs of rupees with an assurance to get loan from banks at zero percent rate of interest. If not cash, he was also taking gold ornaments from the victims, the Police said.

B.C. Sowmya, a home-maker at Lalithadripura, came in contact with the accused through instagram. To gain her confidence, he had posed himself as affluent person, claiming to be owning several houses in Lalithadripura and assets in other places.

"Income Tax Department raided our house, with the case being heard in the Court and I am spending a lot of money on this," Vinod Kumar had told Sowmya to win her trust.

In the later days, Vinod Kumar started visiting Sowmya's house and also befriended her daily wager husband. He had advised him to stop going on a coolie work, and promised to buy them two cars, if they gave him some amount.

The cars can be rented out for pick-up and drop of the doctors at Kamakshi Hospital and earn some money, the accused had told the couple.

The couple came in his words and gave Rs. 2 lakh to him in June 2022. However, he asked them to wait for sometime to buy the car, but in the meanwhile, held out another promise of facilitating interest-free loan of Rs. 20 lakh from a bank.

He also assured to double the amount (Rs. 2 lakh) already given to him, if they allowed to keep the amount. When they sounded helpless, with no money in hand, he collected gold ornaments weighing 89 grams from the couple, it is alleged.

Even as Sowmya and her husband were waiting for the bank loan, the accused Vinod Kumar conned Sowmya's relatives Cheluvaraju and Jayanti in a similar fashion and collected Rs. 6 lakh cash and 96 grams of gold valuables from them.

Later, Sowmya also learnt about Vinod Kumar cheating her other relatives — S.S. Lakshmi of Lalithadripura, Ashwini of Bhyraveshwar Nagar, her cousin Kiran, Roopa of Paduvarahalli and Chanchalamma of T. Narasipur — by collecting both cash and gold from them.

On Mar. 30, Sowmya lodged a complaint against Vinod Kumar at Alanahalli Police Station in the city. The case was transferred to CCB for investigation.

Acting on the guidance of DCP (Law and Order) M. Muthuraj, DCP (Crime and Traffic) S. Jahnavi, ACP (CCB) S.N. Sandesh Kumar, a team of Police personnel cracked the case by arresting Vinod Kumar and recovering cash and valuables from him. Vinod has been remanded to judicial custody.

The Police team included CCB Inspector Krishna Kumar, Sub-Inspectors Maruti Antharagatti and Rangaswamy, ASI Asgar Khan, staff Salim Pasha, Ramaswamy, A. Umamahesh, Madhusudan, Prakash, Suresh, Mahesh, Ravishankar, Lakshmikanth, Mohan Aradhya, Chandrashekar, Narasimharaju, Mamatha, Ramya and drivers Shivakumar and K.S. Ravi.

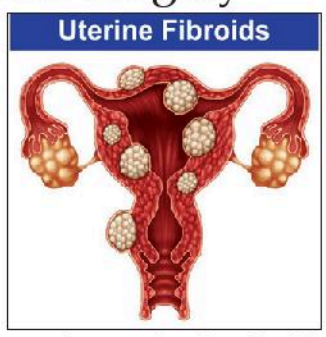
Save Your Uterus

Most of uterine fibroids can be treated without surgery

By Dr. Shailesh Shivraj Pene
Consultant, Department of Imaging and Interventional Radiology, NH, Mysuru



What are uterine fibroids?

Uterine fibroids are non-cancerous growth of the uterus that often appear during child bearing years. They may be single, multiple, small or large in size. Fibroids tend to increase in their size with age throughout women's reproductive life.

What are the symptoms of fibroids?

Most of the women having fibroids do not have any symptoms. Symptomatic women may have heavy menstrual bleeding which may last more than a week, pelvic pressure and pain, frequent urination and difficulty in emptying the bladder, constipation, backache and pain during intercourse.

Can fibroids cause infertility?

Fibroids generally don't interfere with getting pregnant. However some types of fibroids (sub mucosal fibroids) could cause infertility and pregnancy loss.

What are the causes of fibroids?

It is unclear why fibroids develop and the cause is not known. Genetic, hormonal, family history and obese people may develop fibroids.

How is it diagnosed?

Fibroids can easily be diagnosed with imaging methods such as ultra sonography and MRI.

What are the treatment for fibroids?

Conventional surgical procedures for fibroids are hysterectomy (Removal of uterus) and myomectomy (Removal of individual fibroids). Uterine artery embolisation (UAE) is an alternative approach to management of fibroids.

What is Uterine Artery Embolisation?

Uterine artery embolisation is a minimally invasive procedure for treating uterine fibroids. It is an angiographic technique where a small catheter is introduced into the blood vessels. The blood vessel supplying the fibroids is identified via angio-graphy. It is blocked using special medicinal particles (PVA particles), resulting in shrinkage and death of fibroids. Single or multiple fibroids can be treated with the help of Uterine Artery Embolisation. The hospital stay is minimal in this kind of procedure with no major complications.

We at Narayana Multispeciality Hospital, Mysuru, offer this novel technique for treating uterine fibroids and thus preserving the uterus of the patient.

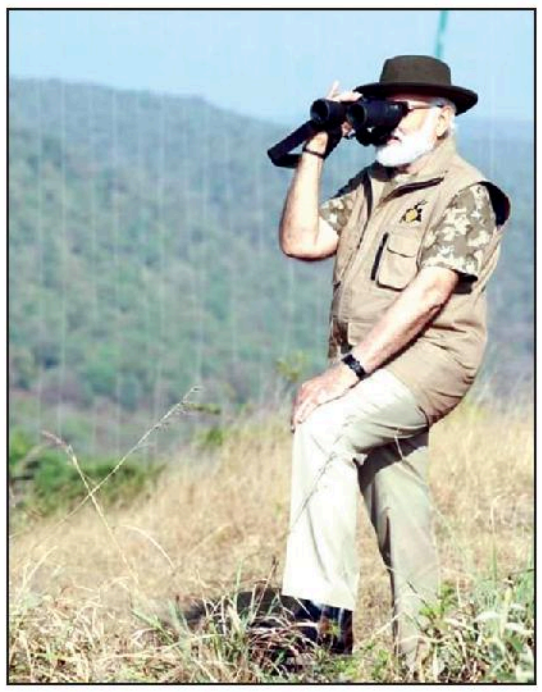
PM sights jumbos, gaurs but NOT tiger

Modi explores rich flora and fauna during Bandipur Safari for two hours covering 22-km of the wild



Mysuru, Apr. 9 (MTY, SS & BS)- Donning camouflage clothing that included green T-shirt, jacket, hat and khaki trouser, Prime Minister Narendra Modi went on a safari at Bandipur Tiger Reserve (BTR) near Gundlupet in Chamarajanagar this morning.

In the two-hour-long journey, exploring 22-km of core forest area on safari, the PM came across three big elephant herds, a tusker, 25 to 30 Indian gaurs, sambars and spotted deer (which were frequently found in large numbers from the launch to end point of safari).

However, the huge disappointment was the non-sighting of the tiger, as the very purpose of visit of the Prime Minister was to attend the inaugural session of commemoration of 50 years of Project Tiger in India.

PM Modi, who embarked on a safari from the Old Reception Counter in Bandipur at about 7.45 am, was seated next to the Forest Department's jeep driver Madhusudhan, in the front seat, with two Special Protection Group (SPG) personnel in the rear seat. The PM's vehicle was followed by a convoy of nine vehicles that included those of SPG, ADGP (Law and Order) Alok Kumar, Chamarajanagar Deputy Commissioner D.S. Ramesh, Superintendent of Police Padmini Sahoo, District Health Office (DHO) staff and ambulance.

Madhusudhan

After starting from the Reception Counter, the PM stopped at Bolugudda, the highly elevated area in the whole of Bandipur, having Anti-Poaching Camp for sometime, to espy the rich flora and fauna. The PM peeked into the scenic beauty of the forest through a binocular and also a lens camera, from where even the nearby Gopalaswamy Hills could be seen.

Later, the PM on safari passed through Hulikal Circle, Marigudi Circle, Ujjani Road and Anti-Poaching Camp at Maraluhalla, before crossing Kakkanalla check-post at Karnataka - Tamil Nadu border to reach Masinagudi, at about 10.05 am, where a temporary helipad had been built. From here, the PM flew towards Theppakadu helipad and visited Theppakadu Elephant Camp at Mudumalai Tiger Reserve, Tamil Nadu, by road.

Earlier, Modi arrived at the temporary helipad at Melukamanahalli in Bandipur, in an IAF helicopter, from Mysuru Airport at 7.20 am.

On his arrival, the PM was greeted by N.S. Murali, Inspector General of Forest (IGF), National Tiger Conservation Authority (NTCA, Southern Zone), Bengaluru and senior IFS officer Subramani.

People gathered on either side of VVIP route, raised slogans like 'Bharat Mata Ki Jai', 'Modi Ki Jai' as the PM's convoy passed from the temporary helipad to Reception Counter, a distance of 7 kms in Bandipur.

Heavy security was in place, with armed guards positioned at vantage locations, along with the local Police and Forest personnel during Modi's visit.

NO TIGER, MODI CRACKS A JOKE

Prime Minister Modi, who could not sight big cats during his two-hour safari at Bandipur Tiger Reserve this morning, cracked a joke, with SPG personnel being the butt of it. According to those privy to conversation, Modi jocularly said, "In the name of tight security you (SPG) have driven away all tigers and leopards in the forest."

(Continued from page 1)

"At a time when the country is celebrating its 75 years of Independence, we have been a witness to the significant development in the terms of conservation. The country has not just succeeded in adding the number of tigers but also in creating a suitable eco-system," added Prime Minister Narendra Modi.

Moreover, many wildlife enthusiasts had a question — how India was succeeding in the conservation of big cats, when the population of tigers is on a decline in the world. The success can be attributed to the innate culture and tradition that exists among our countrymen that gives a true meaning of 'Nature in our Culture'.

Tracing the history of Tiger Reserves in the country and the success stories that followed, PM Modi said that from nine Tiger Reserves in the year 1973, we have touched 53 Tiger Reserves in the last 50 years. Moreover, the country has 75 percent of Tiger population of the world. While in the last 10 to 12 years, we have added 75,000 square km area of forests and tree growing areas, all contributing to the increase in the number of Tigers in the country, asserted Modi.

Tiger is not just an animal, but also a part of the age-old tradition, as the paintings of big cats are found in 10,000 year old rock arts seen in Madhya Pradesh and other age old arts in Central India and Maharashtra. There are several communities that still worship tigers and consider them as one among the family. It is also the vehicle of Goddess Durga

and Lord Ayyappa, added Modi.

Recalling his tenure as Gujarat Chief Minister, Modi said: "I had worked on the conservation of lions, where I learnt that to save the animals from going extinct, we have to involve locals and build a relationship with the animals. It is nothing but a blend of 'Emotion and Economy'. As a part of the initiative, 'Vanya Prani Mitra' programme was launched to check poaching and even cash rewards were given. Even women were employed as Foresters and Guards."

Likewise India has many other success stories like being the country with largest Asiatic elephants, single horn rhinos and increase in number of aquatic creatures including the endangered species by cleaning and protecting the water bodies.

Union Minister for Environment, Forests and Climate Change Bhupender Yadav and Union Minister of State for Environment, Forests and Climate Change Ashwini Kumar Choubey were also present. The PM went through the exhibition organised as part of the Conference.

Later, Modi left for New Delhi from Mysore Airport in Mandakalli at around 2 pm.

Project Elephant-30: Karnataka to launch Elephant Census for Southern States in May

Bengaluru, Apr. 9 (BS)- With President Droupadi Murmu kick-starting Gaja Utsav at Kaziranga in Assam on the completion of 30 years of Project Elephant, Karnataka, that is home to thousands of elephants, has taken the lead to start elephant census from the third week of May for all the Southern States.

The decision was taken after holding a detailed discussion at the meeting of heads of Forest Departments of other Southern States, informed State Forest Department officers.

The Elephant Census is conducted once in five years but the census was not conducted in the year 2022. The Southern States, especially Maharashtra, had decided to take up the census. But, according to a primary estimate, Karnataka, Tamil Nadu and Kerala have over 12,000 elephants.

Principal Chief Conservator of Forest Rajiv Ranjan said: "The Elephant Census planned with IISc help is expected to be completed before the onset of rainy season. Though Karnataka has highest elephant population, the Central funds towards addressing Man-Elephant conflict and conservation is meagre, say officers and experts. Following the establishment of Mysore Elephant Reserve in 1952, Karnataka holds the pride of being among the early States to launch Elephant Reserve Area. It comprises Bannerghatta National Park, Cauvery Wildlife Sanctuary, M.M. Hills, Bandipur and Nagarahole Tiger Reserves, Pushpagiri Wildlife Sanctuary and the recent Bhadra Elephant Reserve area."

Picture for representation only.

The funds received from the Central Government is too less. The Centre sets aside Rs. 7 crore to Rs. 8 crore under Elephant Project, but releases only Rs. 5 crore to Rs. 6 crore. The State Government has announced Rs. 200 crore for the maintenance of elephants, with 11,000 hectares of forest area occupied by the elephants. In the coming census even non-forest areas will also be evaluated, PCCF Rajiv Ranjan said.

Prez releases booklets

During Gaja Utsav held at Kaziranga, President Droupadi Murmu also released the booklets — Field Manual for managing Human-Elephant conflict, Management Effectiveness Evaluation of the Elephant Reserves in India and Necropsy and carcass disposal of Asian elephant.

The Wildlife Institute of India (WII) officers said: "This is the booklet on autopsy, as it helps in finding out the exact reason for death and how to dispose the carcass. It has been publicised that the carcass must be kept to feed the vultures. However, to ensure that the carcass wouldn't be prone to poaching, the tusks will be burnt, but still there is a need to be keep a vigil on the carcass."

Ramothsava Sangeethotsava: Day 9

Singing together with finesse

By Dr. Padmavathi Narasimhan

Vid. Prasanna Venkataraman and Vid. Ritwik Raja from Chennai presenting a vocal concert at 'Sangeethotsava - 2023,' a series of concerts organised as part of 133rd anniversary of Sri Ramothsava celebrations by Sri Ramabhyudaya Sabha Public Charitable Trust at Alamma's Choultry in Srirampet on Apr. 7. They are accompanied by Vid. H.N. Bhaskar on violin, Vid. Delhi Sairam on mridanga and Vid. B. Rajashekhar on morching. Picture below shows a section of the audience.

On the ninth day of Ramothsava celebrations of Ramabhyudaya Sabha on Apr. 7, **Vid. Prasanna Venkataraman** and **Vid. Ritwik Raja** from Chennai presented a vocal duet. They were accompanied by **Vid. H.N. Bhaskar** on violin, **Vid. Delhi Sairam** on mridanga and **Vid. B. Rajashekhar** on morching.

Considering that the duo are not from the same school, this concert was a laudatory attempt and the music brimmed with emotional poignancy and lyrical allure, creating a hypnotic effect.

When two artistes are from two different schools, it is not easy to perform together as the pathantara and the bani or style differs from school to school. While Prasanna's singing brought memories of DKJ again and again, Ritwik's singing was mostly an imitation of his guru Krishna, so much so, that it showed even in his mannerisms. Perceiving this, this duo cleverly managed it choosing to sing the compositions singly and sharing the manodharma part together.

However, 'Abhimanamennadu galgu Rama' by Patnam Subramanya Iyer in Adi Tala by both the vocalists was a good attempt together and the kalpana swaras that followed showcased the essence of the raga by both the artistes. Ritwik then chose to sing Anandabhairavi ragalapana, in which the level of maturity of his music was evident even in the short form of the raga. The composition in this raga 'Rama Nama Payasakke Krishna Nama Sakkare' by Purandaradasaru was sung by Prasanna Venkataraman. It seems to be the Purvikalyani season. Six out of eight artistes here sang this raga on the same dais. Prasanna sang Purvikalyani alapana commendably. Methodically building and focusing at beautiful phrases. The composition 'Gyanamu Sagarada' by Tyagaraja was sung by Ritwik Raja, which found niraval and kalpanaswaras at the usual 'Paramatmudu Jeevatmudu' by both the vocalists.

'Ramachandrena Samrakshitoham Seeta' is a remarkable composition of Deekshitar in Manji. This presentation produced a pleasing evocation of the 'ragabhava' with lyrical fervour. 'Sarasa Sama Dana Bheda' (started with the anupallavi 'Parama Shambhava') was a welcome piece but in Ritwik's singing, especially the niraval, it was clear that he is greatly influenced by Madhurai Mani Iyer's version of the composition. The swaras by both the singers were very lively and vibrant.

Keeravani, the star of the evening, was sung with plenty of imagination and the RTP delineation was a proof of the artistes' creativity. While Prasanna elaborated the ragalapana, Ritwik sang the tanam to mridanga, expanding it stage by stage. The duo kept the pallavi simple — in Aditala, single kale but the niraval and the kalpana swaras made it grand. Ritwik chose popular and familiar compositions in the same tala and same edupu in different ragas, thus making the pallavi rendition colourful and attractive, which also served the ragamalike purpose. The lyrics 'Karuninchara lokaadhaara' was presented like 'Brovabarama' in Bahudari, 'Teliya leru Rama' in Dhenuka, 'Kanugontini Sri Ramuni' in Bilahari and 'Manaviyalakinchara' in Nalinakanti, elaborating in niraval and kalpanaswaras, the technique of which was highly appreciative. Bhaskar's reply to each of these was praise-worthy.

Delhi Sairam's mridanga attracted the attention of the audience throughout and Rajashekhar's morching received tremendous applause from the audience. The concluding pieces of the concert were 'Sri Ramachandra krupalu bhaja man', a Tulsidas bhajan by Ritwik and Purandaradasa's Rama Mantrava Japiso' by Prasanna Venkataraman.

T. Narasipur likely to throw up an interesting battle

By S.B. Devaraj

Mysuru, Apr. 9- The T. Narasipur Constituency (SC reserved), with Triveni Sangama (confluence of three rivers) as its core, is likely to witness an interesting and intriguing battle in the May 10 Assembly polls.

The Constituency was first formed in 1952 with the inclusion of Biligere and Chhatra hoblies of Nanjangud taluk. But in 2008, the Constituency was redrawn with the merger of Bannur Assembly segment and exclusion of Biligere, Kasaba and Chhatra hoblies, which then became part of the newly formed Varuna Assembly Constituency.

Till the 1972 polls, T. Narasipur was a general Constituency, which was later notified as SC reserved Constituency beginning with the 1978 Assembly polls.

S. Srinivas Iyengar of KMPP (Kisan Mazdoor Praja Party) became the first MLA of the Constituency in 1952. Later, M. Rajashekaramurthy of Congress represented it for four consecutive terms — 1957, 1962, 1967 and 1972.

After the Constituency was declared a SC reserved seat, P. Venkataramana of the Congress became the MLA in 1978, followed by V. Vasudeva of the Janata Party in 1983, Dr. H.C. Mahadevappa of the Janata Party in 1985, M. Srinivasaiah of the Congress in 1989, Dr. H.C. Mahadevappa of the Janata Dal in 1994, Dr. N.L. Bharati Shankar of the BJP in 1999, Dr. H.C. Mahadevappa of the JD(S) in 2004 who retained the seat as a Congress candidate in 2008 and 2013 and M. Ashwin Kumar of the JD(S) in 2018.

Interestingly, Dr. Mahadevappa, who is also a former Minister, has represented the Constituency a record number of 5 times, including a hat-trick of wins in 2004, 2008 and 2013. However, M. Ashwin Kumar of the JD(S), who contested the Assembly polls for the first time, broke the Mahadevappa domination by defeating him with a big margin in 2018 polls.

P. Venkataramana of the Indira Congress, won in 1978 defeating the then Janata Party candidate V. Sreenivasa Prasad, who is the current MP of Chamarajanagar.

Dr. N.L. Bharati Shankar, who was the BJP candidate in 1999, became a giant killer then when he defeated Congress stalwart T.N. Narasimhamurthy, a former Minister. In the 2013 polls, Dr. H.C. Mahadevappa of the Congress scraped through by just 323 votes against M.C. Sundareshan of the JD(S), who is now no more. Dr. Mahadevappa later went on to serve as a Minister in the Siddharamaiah-led Congress Government.

The JD(S) has made a head start for the election by announcing the candidature of sitting MLA M. Ashwin Kumar, while the Congress has again allotted the party ticket to old war horse Dr. H.C. Mahadevappa, instead of his son Sunil Bose, who was almost sure of getting the ticket.

However, the BJP is yet to announce its candidate for the seat as there are many aspirants who include former MLA Dr. N.L. Bharati Shankar, Advocate N. Dasaiah, former MLC C. Ramesh, Dr. M. Revanna, S. Shankar, who contested the last time, former TMC Member Arjun Ramesh, S. Aravind and Samrat Sundareshan, the son of late M.C. Sundareshan, who lost by a slender margin to Dr. Mahadevappa, contesting as a JD(S) candidate in the 2018 polls.

Interestingly, Dr. Mahadevappa had sought the Congress ticket from Nanjangud, while leaving T. Narasipur for his son Sunil Bose. But the scenario changed completely with the sudden death of KPCC Working President and former MP R. Dhruvanarayan, who had aspired to contest from Nanjangud.

After Dhruvanarayan's death, the Congress gave the Nanjangud ticket to his son Darshan Dhruvanarayan owing to the demand of party workers, while allocating the party ticket to Dr. Mahadevappa from T. Narasipur, his home Constituency for decades.

To bolster PM Modi, vote BJP to power again: MLA Ramdas

Mysuru, Apr. 9 (MTY&BS)- MLA S.A. Ramdas has made an appeal to the voters to support BJP once again in the coming elections to strengthen the hands of Prime Minister Narendra Modi who has been always thinking over the development of the country to enhance its fame further.

Ramdas, who addressed the workshop related to election, organised for BJP Mahila Morcha Booth Presidents and Prabharis of Krishnaraja Assembly Constituency at his home-office in Vidyaranyapuram on Friday, said: "Prime Minister Narendra Modi is always thinking about the development and welfare of the country. He has been regarded as the tallest leader ever seen by the country. To fulfil all his ideas, it is necessary to bring BJP to power again and give an opportunity to serve the country. To execute the Prime Minister's thinking, we should support BJP in this election. We shall seek votes on the basis of progress and development of the country."

MLA S.A. Ramdas during the workshop organised for BJP Mahila Morcha Booth Presidents and Prabharis of Krishnaraja Assembly Constituency at his home-office in Vidyaranyapuram, Mysuru, on Friday.

Ramdas also advised the Booth Presidents and Prabharis to maintain calm if the people speak rude, during the campaign. "Instead efforts should be made to convince them about the development works undertaken in the last five years in the Constituency and hand over the booklet on the programmes and schemes implemented during the tenure of our Government and development works initiated in the Constituency," he added.

"The leaders and workers of the Mahila Morcha have a huge responsibility in the Assembly elections. Those workers having patience and agility should strive for organisation of the party. When they go on canvassing, they should develop a rapport with those households, sharing the pain and agony of voters and instil confidence in them to deal with the situations. The needy should be provided with the information related to the facilities available under various Departments," said Ramdas.

"The elections on May 10 is like 'exams' for the party workers and the results that will be announced on May 13 is like 'Marks Card' that shows how ably you have faced the exams. Every marks should be the fruit of your efforts, which has become inevitable now for 'Better India and Karnataka in the future'," said Ramdas in his call to the party workers.

Hundreds of BJP Mahila Morcha workers attended the workshop.

WORD OF THE DAY

Seder

Pronunciation: SAY-der
Meaning: A seder (often capitalised as Seder) is a service held in a Jewish home or community that includes a ceremonial dinner and that is held on the first evening, or first and second evenings, of Passover in commemoration of the exodus from Egypt.
Origin: Order and ritual are very important in the seder — so important that they are even reflected in its name: the English word seder is a transliteration of the Hebrew word sēdher, meaning "order." The courses in the meal, as well as blessings, prayers, stories, and songs, are recorded in the Haggadah, a book that lays out the order of the Passover feast and recounts the story of Exodus. Each food consumed as part of the seder recalls an aspect of the Israelites' 13th century BCE exodus from Egypt. For instance, matzo (unleavened bread) represents the haste with which the Israelites fled; maror (a mix of bitter herbs) recalls the bitterness of enslaved life; and a mixture of fruits and nuts called charoset (also rendered as charoses or haroset/haroses) symbolises the clay or mortar the Israelites worked with during their Egyptian enslavement.

THE ODD WORD

Sanatory

Producing health.

PHRASE OF THE DAY

A slap on the wrist

Meaning: The phrase 'A slap on the wrist' means to get a light punishment (for doing something wrong).
Origin: If you've done wrong and are caught, you probably feel fortunate to get away with just a slap on the wrist. The origin of the idiom 'A slap on the wrist' is probably 18th century England, as it was in this place and time that the word 'slap' began to be used not just literally, but figuratively. As punishments were often quite severe in those days, a slap on the wrist would have been considered to be extremely minor.
Example: "He should be in jail for what he did, but he got off with just a slap on the wrist."

Birthday Remembrance

MERLENE ROBERTS
A heart of gold stopped beating.
Two shining eyes at rest.
God broke our hearts to prove to us
He only takes the best.
God knows you had to leave us,
but you didn't go alone,
for part of us went with you
the day He took you home.
To some you are forgotten,
to others just part of the past,
but to us who loved and lost you,
the memory will always last.
From Grieving Husband
